

### AAON

Manufacturer of Semi Custom commercial heating and cooling equipment specializing in 100% Outside Air , energy recovery and water source heat pumps

### Annex Air

Packaged DX, Chilled water and WSHP air to air energy recovery and make up air units for Commerical and industrial applications

### Carrier

Worldwide manufacturer of air handling units, packaged and split DX equipment, air and water cooled chillers and terminal equipment for any project

### Desert Aire

Manufactures of industrial and pool dehumidifiers and grow room systems setting new standards for quality and performance

### Energy Labs, Inc.

Premium air handling solutions for controlling building environments. Complete customized systems for cooling, heating, humidification and air filtration

### Global Plasma Solutions

Air purification devices utilizing Needlepoint Bipolar Ionization technology to deliver clean indoor air without producing ozone nor harmful byproducts

### GREE

A leading international brand of commercial variable refrigerant systems of heat pumps, heat recovery and water cooled equipment

### Heat Pipe Technology

Energy recovery and dehumidification systems for commercial applications around the globe. Using the latest in passive heat transfer technology

### Nailor Industries Inc.

Single-duct and fan powered VAV terminals, fan coil units and blower coil units meeting the highest standards for quiet, efficient performance

### RuppAir

Direct fired and Indirect fired Make-up Air Units, DOAS Systems, HVLS Fans, a complete offering of exhaust fans and premanufactured double wall grease duct

### Semco

Global leader in air management. We specialize in the design and manufacture of a wide range of air climate and air movement solutions

### The Whalen Company

Pioneering manufacturer of HVAC vertical stack riser heat-exchanger fan coil units and water-source heat pumps for apartments, hotels, condos and multi-story structures

**Harrisburg Sales Office**  
6405 Flank Drive  
Harrisburg, PA 17112

**KOP Sales Office**  
780 5<sup>th</sup> Ave, Suite 175  
King of Prussia, PA 19406

(717)-561-2500

Architectural and commercial Air curtains

### CAREL USA

Commercial and Industrial electric, steam and gas fired humidification products specializing in Isothermal and adiabatic

### CLIMA COOL

Green commercial and industrial modular chillers promoting energy efficiency

Climate by Design INTERNATIONAL

Dessicant dehumidification and Critical process air handling

Air Cooled and Water Cooled Chillers Utilizing Turbocor frictionless technology

Hydronic and DX air supply products. Unit Ventilators, Air Handlers and Blower Coil Units

Air flow measuring and pressure sensing elements, monitoring and control systems

Unit Heaters, Cabinet Unit Heaters, Convector, Steel Ceiling Systems, Radiant Ceiling Panels

Control systems for AAON units

New and replacement coils, IFB Coils

Air flow mixing systems

Displacement Chilled beams

Computer room AC equipment

All Aluminum construction Custom air Handling units and fluid control packages

Hydronic coils, fluid & dry coolers

Mini Splits & Split Systems

Portable Air Filtration unit. With: 2" 30% Filter, HEPA Filter, UV lights, & NPBI

Kitchen hoods, make-up air units & exhaust fans

WSHP hose kits & FCU piping packages

Steam distribution systems

Infrared tube heaters

High plume dilution lab exhaust fans

Energy recovery systems

Latent Induction & Chilled Beams

Electric heated cabinet & unit heaters

Energy recovery ventilators

Commercial packaged RTUs & Splits

Gas fired unit heaters & make-up air equipment

Centrifugal and sidewall propeller fans

Packaged DX CW vertical unit vents

Gas fired make-up air units & air rotation

WSHP, DOAS units & dehumidifiers

Custom AHU, Blower Coils, Column Units, Air Filter Housings, and Fan Pak

Electric heaters & VAV terminals

Ultraviolet (UV-C) lights

Variable frequency drives
